

**Niigata-Pre.
Covid-19 warning
is being issued!**

To students

Wear a mask, wash your hands, and eat silently to prevent the spread of infection!

Think carefully about the need to visit other prefectures (e.g., going home)

※Wear a mask even when visiting your parents' home!

※Act safely while monitoring your health condition for 2 weeks after returning to Nagaoka (Current students who have returned to Nagaoka from other prefectures should not come to campus for 2 weeks!)

Using the “Health Check and Activity Record Sheet”, check your temperature/health condition and record your activities (visited locations and contacts) every day (If you become infected etc., you will be asked to submit these records).

PDF **EXCEL**

Infections are spreading from drinking and parties with friends!

Be aware of the high infection risks!

If you suspect that you are infected with COVID-19, contact your usual doctor/Niigata Prefecture COVID-19 Consultation and Counseling Center (Public Health Center) and seek medical care at a hospital/clinic. Stay at home for an additional 3 days after recovery.
