

COVID-19 Special Alert Issued for Nagaoka City !

The number of COVID-19 infections is continuing to rise across the country, including Niigata Prefecture. We ask that you take extra care in situations where there is a high risk of infection, such as club activities and student housing. (Aug. 30)

Wear masks when talking!
Even in the lab!

Eat quietly with distance!

No drinking party!
Karaoke has a risk!

Travel to other prefectures with caution!
Monitor your health for 2 weeks after coming back to Nagaoka!
School attendance is restricted until Sep.15

It is important to take infection prevention measures even after being vaccinated. Every student must stay alert to protect against outbreaks.

Continue basic preventive measures!

手を洗おう 消毒しよう マスクをしよう

Keep a record of Health Check Sheet every day!
Please measure the temperature, Before going to school!

PDF EXCEL

Do not come to campus when you feel unwell!
Contact your supervisor/ Class-tannin/lecturer.

Check NUT website for preventive measures!

NUT uploads the latest information for the students on this website.
