1. Introduction

Individual students at Nagaoka University of Technology (NUT) may be eligible to receive admission fee exemptions under the following two systems: NUT's original admission fee exemption system ("original system") and the New System for Higher Education Aid (a system that enables students to receive reductions and exemptions for tuition fees, etc. in addition to Japan Student Services Organization scholarships). This guide describes admission fee exemptions provided under the original system, and applies to graduate students and privately financed international students enrolled at NUT. Students may apply for admission fee exemption if they fulfill the requirements described in Part I of **Section 2. Applicant Requirements for Admission Fee Exemption/Deferral**. Based on the application review, students may be granted a full (¥282,000) or half (¥141,000) exemption of the admission fee.

This system also allows students to apply for admission fee deferral if they fulfill the requirements described in Part II of **Section 2. Applicant Requirements for Admission Fee Exemption/Deferral**. Based on the application review, students may be granted a deferral for admission fee payment until the **end of September 2024**.

(The review will be based on academic ability, family condition criteria, and admission fee exemption budget. Therefore, an applicant may not necessarily receive an exemption even if they fulfill any of these criteria.)

2. Applicant Requirements for Admission Fee Exemption/Deferral

I. Applicant Requirements for Admission Fee Exemption

Graduate students and privately financed international students enrolled at NUT may apply for admission fee exemption if they fulfill Conditions ① or ② below. (However, privately financed international students enrolled in the undergraduate program may only apply if they fulfill Condition ②.)

No.	Conditions
①	Students entering graduate school at NUT who are recognized as having <u>academic excellence</u> ^{*1} but have difficulties in paying the admission fee for financial reasons
②	Students who are recognized as having significant difficulties in paying the admission fee because the person responsible for paying their school expenses (hereinafter referred to as the "payer"; for privately financed international students, the payers are the students themselves) has passed away or if the <u>student or payer has experienced a disaster (including wind/flood damage, fire, earthquakes, etc.)</u> ^{*2} within one year before admission.

II. Applicant Requirements for Admission Fee Deferral

Graduate students and privately financed international students enrolled at NUT may apply for admission fee deferral if they fulfill Conditions ① or ② below.

No.	Conditions
①	Students who are recognized as having <u>academic excellence</u> ^{*1} but have difficulties in paying the admission fee for financial reasons
②	Students who are recognized as having significant difficulties in paying the admission fee because the payer has passed away or the <u>student or payer has experienced a disaster (including wind/flood damage, fire, earthquakes, etc.)</u> ^{*2} within one year before admission.

(Note) However, students who fulfill the following conditions are not eligible for admission fee exemption/deferral.

No.	Ineligibility Conditions for Admission Fee Exemption/Deferral
①	Students who have already paid the admission fee
②	International students who have received scholarship funds before entering NUT* ³ or are currently receiving scholarship funds from their home country or the Japanese government

*¹ Academic ability will be assessed based on criteria stipulated by NUT. Please note that students who do not fulfill these criteria will be rejected even if they apply.

*² Students may be eligible for full or half exemption of the admission fee/tuition fees and deferral of the admission fee if their payers are residing in regions covered by the Disaster Relief Act and have experienced wind/flood damage or other natural disasters. Students who wish to apply for fee exemption/postponement for this reason should attach the documents listed in Point 7. Of Section 4. Notes on Application Submission. Academic ability will not be a consideration for this condition. The requirements in ② above apply only to disasters occurring in Japan.

*³ Example: Includes international students who had received scholarship funds from their home country or the Japanese government while they were enrolled in the undergraduate program, and are advancing internally to the master's program.
