

## STEP 1

Access to the initial registration page.

\*Some of mobile phones and smartphones that do not support SSL encryption will be unable to access the initial registration page specified above. Please access it via personal computer or smartphone that supports SSL

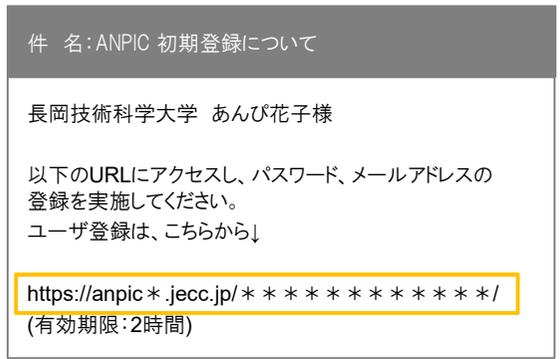

## STEP2

Enter your ID (faculty or student number) and tap “次へ”

## STEP3

An initial registration email will be sent to the email address already registered in ANPIC (campus address). Tap the URL in the email.

\*This URL is valid for 2 hours. If the URL is expired, please start from STEP1 again.

## STEP4

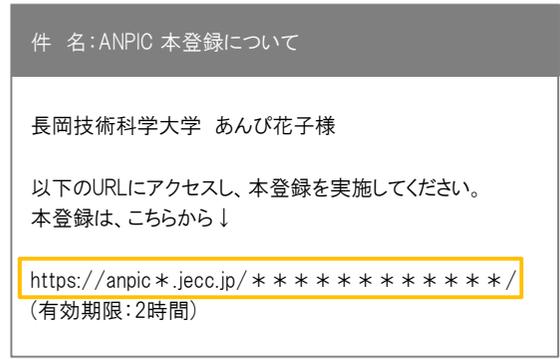

Set a password and tap “登録する”.

To ensure that you receive the Safety Confirmation E-mails on holidays, national holidays, business travel destinations, etc., please register at least one e-mail address that can be sent to your personal mobile phone.

## STEP5

ANPIC will send a full registration email. Click on the URL in the email.

\*This URL is valid for 2 hours. If the URL is expired, please start from STEP1 again.

## STEP6

If this registration completion screen is displayed, the initial setup process is complete. Tap “ログイン画面へ” to go to the login screen, and save it in your bookmarks folder.

You have completed the initial setup, please go to the login screen on the website or log in via the app whenever you wish to use ANPIC.

★Please keep your registration password secure.
