

**Advanced society developed by program graduates along with private and public institutions.**

Power generation and utilization technology afforded by natural energy only

Mobility concept that unites automotive, aircraft, and living space

Overcoming obstacles of distance to connect people all over the world

MEXT WISE Program  
Global Pro-Active  
Root Technology Program

MEXT WISE Program  
Global Pro-Active  
Root Technology Program

**Applicant Qualifications**

Applicant who satisfies all of the following conditions:

1. Desire to study in the five-year integrated education research program to obtain a doctoral degree (cannot obtain a master's degree)
2. Desire to improve abilities through long-term internships in corporations or overseas institutions
3. Desire to become a strong and innovative professional who can create new industries
4. Recommendation from a potential supervisor if applying within the University or a current supervisor if applying from outside.

**Financial Support**

If you are accepted into the program and are an officially enrolled student, the following financial support can be obtained.

1. Admission and Tuition Fees: Admission and tuition fees are waived.
2. Financial Support: Financial support (about 80,000 yen per month for the first two years and 130,000 to 170,000 yen per month for the last three years) will be provided. The amount of financial support is determined by an annual assessment based on "WISE Program Education and Research Grant Requirements". Typically, grant recipients in years three to five are not allowed to work as they are expected to concentrate on research.
